Nyame Adom Farming is an agribusiness community empowerment company 100% women owned since 2018 profit making company. Started with founder Ms. Khanyisile R. Dumakude and Mrs. Hlengiwe R Dlamini were doing crop farming working in the small town KZN, www.nyameadomfarming.com

- Nyame Adom Farming is affiliated with Moringa Development Association of South Africa: MDASA0157
- Nyame Adom Farming completed New Venture Training NQF 4 through South 32 Business Enterprise Development started April 22 - March 23
- Nyame Adom Farming is currently under 3year incubation by RBIDZ Special Economic Zone: Nalithemba started April 23- April 25

OUR MISSION: Since discovering Moringa in 2018 we have promoted this highly functional food with its remarkable nutritional profile. Our mission revolves around three unifying aims:

- **Social Mission:** To promote the benefit of Moringa Oliefera and its allied products to individuals and communities for the betterment of health around the world.
- **Product Mission:** To procure, distribute and sell the finest Moringa products toward an aim of maintaining or achieving good health
- **Economic Mission:** To operate the Company on a sustainable financial basis, increasing value for our stakeholders and to provide opportunities for growth and development of our employees

OUR VISION

- MORINGA for Health; Wellness & Sustainability
- Help our country adapt to climate change and reduce our carbon footprint by promoting tree cultivation which will also reduce rural poverty by generating income to our local farmers and farming communities.

Phase Five:

PRIMARY AGRICULTURE

- Nyame Adom Farming controls the whole value chain Growing our trees has also impacted our environment positively by clearing carbon dioxide provide clean air,
- Moringa farmers are set to benefit from this project aimed at creating jobs; alleviating poverty and contributing towards socioeconomic development of the local communities
- The project aims to create 100 jobs for every 20 hectares of moringa trees planted
- Rural community has struggled along with limited access to quality nutrition and basic healthcare, quality social services are key to give rural areas opportunities to find employment
- Given the right possibilities and critical foundation building blocks Primary Agriculture has potential to create over million jobs
- Primary agricultural plan > Grower enter into a 20 year contract with company by purchasing seedlings

Phase Six:

MORINGA AGRO-PROCESSING FACTORY

- Responsibility of the factory is to collect wet leafs from Moringa growers
- Milling of dry leaves and prepare packaging for local and international market.
- Packaging of Teas; Soaps, Seeds, Powder, Capsules; Animal feed
- Storage of our raw materials Moringa Powder and Moringa dry leaves
- The project aims to create 500 jobs for individuals working in the Agro-processing factory
